ABSTRAK

This study is aimed to analyze moral anxiety of Ennis Del mar. The researcher used descriptive qualitative method to find out development of moral anxiety in Ennis Del mar character after his father to look two people died because he made affair. The data collected were analyzed by close reading the novel. In qualitative research the data are not number or chord but in the form of word. So, the researcher presents all the data by the quotation through general description, conflict, and setting. The result of this research shows that Ennis Del marâ€™s moral anxiety trigger him to survive in society at that time. That in the analysis it is divided into two sections, the first is thought. It subdivided into anxiety, description, and interpretation. In this section, Ennis del mar gets many intrusive thought after his father to look him about two peopleâ€™s death. Because of that his anxiety was showing up along memory about it. Second is action. It subdivided into distress or frustrated and consequences. In this his anxiety grows in the peak and revealed in conflict along with the main Ennis Del marâ€™s anxiety to survive in society.
