DAFTAR SINGKATAN .................................................................................................................. xix

BAB I PENDAHULUAN

A. Latar Belakang ...................................................................................................................... 1
B. Rumusan Masalah ............................................................................................................... 3
C. Tujuan Penelitian ............................................................................................................... 3
D. Manfaat Penelitian .......................................................................................................... 3
E. Ruang Lingkup ................................................................................................................... 5
BAB II TINJAUAN PUSTAKA

A. Rekam Medis .......................................................... 8
B. Tujuan dan Kegunaan Rekam Medis ............................. 8
C. Pelayanan Rekam Medis di Puskesmas .......................... 10
D. Sarana Prasarana di Pelayanan TPPRJ di Puskesmas ........ 11
E. Sistem........................................................................ 13
F. Sistem Penyimpanan Rekam Medis................................. 13
G. Sistem Penjajaran.......................................................... 14
H. Sistem Penomoran.......................................................... 19
I. Penyebab Misfile............................................................ 23
J. Standar Operasional Prosedur......................................... 25
K. Kebijakan..................................................................... 25
L. Kerangka Teori.............................................................. 27

BAB III METODOLOGI PENELITIAN

A. Kerangka Konsep.......................................................... 28
B. Jenis Penelitian ............................................................ 28
C. Variabel Penelitian ....................................................... 28
D. Definisi Operasional ..................................................... 29
E. Populasi......................................................................... 30
F. Instrumen Penelitian ..................................................... 30
G. Cara Pengumpulan Data................................................ 30
H. Pengolahan Data.......................................................... 30
I. Analisis Data................................................................. 31

BAB IV HASIL PENELITIAN

A. Gambaran Umum Puskesmas......................................... 32
B. Hasil Penelitian............................................................ 39
   1. Sistem Penomoran...................................................... 39
   2. Sistem Penjajaran...................................................... 40
3. Sistem Penamaan ................................................................. 41
4. Sarana Pelayanan Rekam Medis ......................................... 42
5. Pengetahuan Petugas .......................................................... 43

BAB V PEMBAHASAN

A. Sistem Penomoran ............................................................. 49
B. Sistem Penjajaran ............................................................. 51
C. Sistem Penamaan ............................................................. 55
D. Sarana dan Prasarana di tempat Filling ............................. 56
E. Pengetahuan Petugas tentang sistem pengelolaan DRM ...... 57
F. Penerapan dan Pengelolaan DRM ..................................... 57

BAB VI KESIMPULAN DAN SARAN

A. Kesimpulan .......................................................................... 59
B. Saran .................................................................................. 60
