### **ABSTRAK**

Bahasa slang atau bisa disebut wakamono kotoba yang terus berkembang cepat khususnya melalui internet dan media sosial merupakan kendala bagi pemelajar Bahasa Jepang karena sulit diterapkan dalam kurikulum studi, sehingga perlu dilakukan penelitian terus menerus.

Penelitian yang berjudul "Jenis dan Pembentukan Wakamono Kotoba dalam Blog Ameba" bertujuan untuk mengetahui jenis dan pola wakamono kotoba yang berkembang melalui blog yang bernama ameba. Metode penelitian yang digunakan adalah metode deskriptif kualitatif, dan ditemukan 25 data yang diambil dari tulisan yang diunggah oleh kalangan selebritas berumur 14-20 tahun dalam rentang waktu Desember 2016-Januari 2017.

Hasil dari penelitian ini adalah wakamono kotoba yang terdapat dalam blog ameba memiliki jenis dan pola pembentukan yang bervariasi. Terdapat 5 jenis wakamono kotoba yang ditemukan yaitu tanshuku go, mojiri go, KY shiki go, gyaru go, dan intaanetto go. Pola pembentukan ditemukan adalah borrowing dan clipping, dan ditemukan pula gabungan beberapa pola pembentukan, seperti borrowing-clipping, borrowing-compounding, dan borrowing-clipping-compounding. Ditemukan pula perubahan struktur kata dan perubahan bunyi pada beberapa wakamono kotoba.

Kata Kunci : slang, wakamono kotoba, blog, ameba, pembentukan kata

## **Types and Word Formation of Wakamono Kotoba Found in Ameba Blog**

### **ABSTRACT**

Slang language or wakamono kotoba as state in Japanese language, keeps evolving especially through internet and social media. This has become as one of many obstacles for Japanese learners because of its difficulty to be included in curriculum studies. This also one of many reasons to continue conducting research on this matter.

This research, entitled "Types and Word Formation of Wakamono Kotoba Found in Ameba Blog" aimed to find many types of wakamono kotoba and its word formation through a web blog site named ameba. The researcher used descriptive-qualitative method, and there are 25 data found from 8 public figure within 14-20 y.o between the time span of December 2016-January 2017.

The result of this research is there are many variations of type and word formation in wakamono kotoba found in the blog. There are 5 types of wakamono kotoba had been found which are tanshuku go, mojiri go, KY shiki go, gyaru go, and internet go. Word formations that had been found are borrowing and clipping, and there is compounding of 2 or more word formations such as borrowing-clipping, borrowing-compounding, and/or borrowing-clipping-compounding. There is also change of word structure and change of sound found in a few of wakamono kotoba.

Keyword : slang, wakamono kotoba, blog, ameba, word formation.
