**ABSTRAK**

Penelitian ini bertujuan untuk mengetahui pengaruh variabel Current Ratio, Earning Per Share dan Price Earning Ratio terhadap harga saham. Penelitian ini dilakukan di BEI dengan objek penelitian perusahaan real estate and property yang terdaftar di BEI. Data yang digunakan adalah data sekunder. Metode pengambilan sampel menggunakan purposive sampling terdiri dari 123 perusahaan real estate and property yang terdaftar di BEI periode 2012 sampai 2014. Hubungan dan pengaruh antar variabel dijelaskan dengan menggunakan metode analisis regresi berganda. Hasil penelitian ini menunjukkan bahwa variabel Earning Per Share memiliki pengaruh yang signifikan terhadap harga saham. Sedangkan variabel Current Ratio dan Price Earning Ratio tidak memiliki pengaruh yang signifikan terhadap harga saham.

Kata Kunci : Current Ratio, Earning Per Share, Price Earning Ratio dan Harga Saham

**The Effect of Current Ratio, Earning Per Share and Price Earning Ratio on Stock Price of Real Estate and Property Companies Listed on IDX over the Period 2012 to 2014**

**ABSTRACT**

This research aims to find out the effect of Current Ratio, Earning Per Share and Price Earning Ratio on stock price. This research was done at IDX where the object of this research is real estate and property companies listed on IDX. The data of this research uses secondary data. Meanwhile, the technique of data collection of this research uses purposive sample obtained 123 real estate and property companies listed on IDX over the period 2012 to 2014. Furthermore, the relationship and the influence among variables are explained by using multiple regressions method. The result of this research shows that Earning Per Share has significant effect on stock price. Whereas, Current Ratio and Price Earning Ratio do not have significant effect on stock price.

Keyword : Current Ratio, Earning Per Share, Price Earning Ratio and Stock Price
